

guarantee provided to these people and, second, to have that guarantee increased. We did these people wrong. They were not, they were not taken care of by an \$8.5 million settlement. I am asking you to consider and support this motion to bring this bill out so we can again address the issue and find a way to help these people.

SPEAKER NICHOL: You've heard the closing on the motion. The motion is to place on General File notwithstanding the committee's action LB 1029. All those in favor vote aye, opposed nay. Have you all voted that care to? For those of you who have come in, we are voting on LB 1029 to place on General File notwithstanding the committee action. Have you all voted that care to? Senator Wesely requests a record vote. Mr. Clerk, go ahead.

CLERK: (Read record vote as found on pages 1056-57 of the Legislative Journal.) 14 ayes, 24 nays on the motion to raise, Mr. President.

SPEAKER NICHOL: The motion fails. May I make an announcement at this time since you are here and attentive. As you know, tomorrow is March 1, and it was March 1, 1867 that State Day was established and we celebrate it on the first of March. However, the first of March is on Saturday, so we will celebrate the day tomorrow instead of Saturday. I urge you especially to be here at the beginning of the session tomorrow morning at nine o'clock because at that time the visually impaired choir from Nebraska City, Nebraska School for the Visually Impaired will be here and sing to us in place of the invocation at nine o'clock tomorrow morning. So I strongly urge you to be here and enjoy that portion of our progress tomorrow. At eleven o'clock we will take up Senator Vard Johnson's 1114 which is the insurance tax, and at ten o'clock, in the Rotunda, will be a program having to do with State Day. We will not recess for State Day celebration in the Rotunda, but will continue on with our activities here in the Chamber. So, with that, I urge you to be here at nine o'clock in the morning especially to enjoy the singing of the visually impaired children. We will move on. Mr. Clerk, do you have anything to read in at this time?

CLERK: Mr. President, a few items. Senator Hannibal has amendments to 289 to be printed. Your Committee on Enrollment and Review reports 322, 309, 908, 809, 820, 910,
